

MY INITIAL SPARK. WORKING ON THE FUTURE AT MAHLE.

David Hughes

We like it when our employees have goals. What about you? Are you ready to grow with your challenges? We at MAHLE are a leading international supplier to the automotive industry. With our products for combustion engines and their peripherals as well as solutions for electric vehicles, we address all crucial issues related to the powertrain and air conditioning technology. Today, some 77 000 employees work on innovative products at 170 locations and 16 research and development centers. Working together, we optimize existing technologies, develop new engineering concepts and set standards. By reducing fuel consumption and CO2 emissions, we are making an important contribution – for a better climate, with every second vehicle statistically.

Share professional know-how, develop ideas and take on responsibility.

At MAHLE Shared Services Poland Sp. z o.o. as:

Junior SAP Application Support Analyst

Workplace: Wrocław

Would you like to take on responsible tasks?

The purpose of the role will be to deliver 1st and 2nd level IT support for various SAP application management topics. Will also include monitoring, troubleshooting and operative tasks of SAP application management.

- You take substantial responsibility for monitoring in SAP systems resolution and communication
- You take initiative particularly in processing and system errors
- You document the reporting, investigation and outcome of all problems reported for agreed partners
- You ensure that required data is available for use by those carrying out investigations and ensuring that actions are correct
- You evaluate (in the first instance) the impact of defects and problems
- You keep relevant stakeholders (internal and external) informed of status of SAP application initiatives, by direct or delegated production of reports
- You ensure departmental processes are followed and adhered to
- You verify that agreed actions relating to problem investigation and clearance, are taken within the agreed timescales

Qualifications:

- Preferably a recognized business qualification
- SAP knowledge in the ERP environment is beneficial but **not** a must
- Ability to communicate with all levels of personnel, high self-motivation. Although working independently you will form part of a dedicated global SAP application support team
- Ability to work on own initiative and as a team player
- Ability and willingness to provide knowledge transfer to others
- Ability to prioritize and understand business impact of IT system
- Strong IT system affinity
- Fluent in English or German

We offer excellent development opportunities tailored to your individual requirements which are backed by regular feedback meetings and a comprehensive qualification scheme. We value a job well done and are therefore interested in working with you on a long-term basis. We specifically promote your potential and also offer performance-related remuneration and a flexible working model for whatever phase of your life you are in. Start your journey with us.

See what more we can offer you:

- Attractive salary package (incl. private medical care, multisport, group insurance, cafeteria bonus)
- Language training courses
- Referral bonus program
- Free fruits, sweets and sandwiches day
