Compliance Academy

About Credit Suisse

Credit Suisse is a leading wealth manager with strong investment banking capabilities and profound presence in our home market, Switzerland. We seek to follow a balanced approach to wealth management, aiming to capitalize on the large pool of wealth within mature markets as well as the significant growth in wealth in Asia Pacific and other emerging markets.

Founded in 1856, today we have a global reach with operations in over 50 countries and 46,640 employees from over 150 different nations.

About the Program

The Compliance Academy is a **paid, 13-month** program designed to fit with your university studies. This unique program starts once a year in **August** and offers the following:

- Valuable work experience in the Compliance field with practical problem-solving experience
- Comprehensive training, followed by job assignments in a variety of compliance functions
- Classroom trainings on Legal and Compliance topics conducted by senior managers from Credit Suisse General Counsel/Chief Compliance & Regulatory Affairs Officer divisions
- Hands-on understanding of global financial regulations
- Experience of working for a global and multicultural organization by cooperating with colleagues across multiple levels of seniority
- Primary pipeline to full-time roles after end of internship
- Comprehensive set of training sessions covering soft skills, tool & technology areas

The program provides a significant career advantage in the Compliance profession, as the participants will develop core professional skills and industry knowledge. Participants have the opportunity to work in different teams in Chief Compliance & Regulatory Affairs Officer (CCRO). CCRO provide compliance support, but also controls and guidelines to all business divisions and Shared Services functions across all regions of the bank.

During your placement you can always rely on your colleagues, especially those who were previously in your position.

You may support your team in various areas such as: developing and issuing policies, conducting compliance training, performing monitoring and surveillance activities, data management and IP/sourcing, marketing material review, regulatory shareholding reporting, personal account trading, cross border compliance support, corporate governance, bank anticorruption compliance, financial crime compliance, antimoney laundering and transaction surveillance.

The Compliance Academy allows you to obtain the necessary work experience during your studies. It is designed for students in order to align their academic and job-related duties.

The Program grants you the opportunity to gain a better insight and to engage into the company's daily work. As a member of the Academy you will also be encouraged to participate in a number of interesting and developing training sessions.
