Technology: Internship Program

About Credit Suisse

Credit Suisse is a leading wealth manager with strong investment banking capabilities and strong presence in our home market Switzerland. We seek to follow a balanced approach to wealth management, aiming to capitalize on the large pool of wealth within mature markets as well as the significant growth in wealth in Asia Pacific and other emerging markets. Founded in 1856, we today have a global reach with operations in over 50 countries and more than 45,000 employees from over 150 different nations.

About The Program

Our 12-week Internship Program will provide you with the opportunity to complete a project that concludes with a presentation to senior management and is implemented in the real production environment.

The program offers opportunities to meet with senior managers, colleagues and peers at all levels across the bank. You will gain insights into the bank, its culture, and build a professional network.

The practice gives us a tangible framework for assessing you for a full-time graduate position after your graduation in 2018. The Internship is our core hiring channel for our full-time Analyst class.

What We Look For

Whatever your background, you will need to be:

- A graduate or student in an IT related discipline (Computer Science, Physics, Engineering or Mathematics)
- A continuous learner: we offer online learning facilities, mentoring programs, numerous seminar programs and many other development opportunities to help you make the most out of your career with us
- Client-focused and committed to develop creative solutions
- A critical thinker with excellent problem-solving skills
- A self-starter who is able to envision long-term goals and ways to attain them
- A collaborative team member who builds excellent relationships
- An articulate communicator who also recognizes the importance of listening
- Analytical and logical, with raw intellectual ability
- **Available 30-40 hours per week**
- **Graduate 2018**

How To Apply

Apply online credit-suisse.com/wroclawcareers select 'Students', then 'Online Application', then '2018 Industrial Attachment, Off-Cycle, Autumn Programs' and then click on 'Apply'.
