# Intern

Wroclaw, Lower Silesia, Poland

We invent the new to help the world move forward. Combining powerful analytics and deeper insights with bigger ideas and innovative solutions, we free up our clients' potential, thereby fulfilling our own. Take it seriously. Make it fun. Know it matters.

## MAXIMIZE your opportunity

What will your essential responsibilities include?

- Accurate and timely entry of insurance data into XL Catlin systems and databases through interpretation of insurance contracts and associated correspondence (multilingual)
- Supporting team in analysis and presentation of insurance contract financial data
- Prompt and accurate resolution of data quality issues
- Undertaking any other duties that the company may reasonably request to be performed

You will report to Team Leader

## UNLEASH your potential

We're looking for someone who has these abilities and skills:

- Fresh graduate or student actively pursuing Bachelors or Master's Degree
- Fluent English (both oral and written). Knowledge of additional European languages is a plus
- Excellent analytical and logical thinking skills with strong attention to detail
- Computer literate including Microsoft Outlook, Word, Excel, PowerPoint and other commonly used software
- Good organizational skills with ability to work under time pressure
- Excellent people skills; communicative and open to new challenges

## DISCOVER your future

XL Group plc (NYSE:XL), through its subsidiaries and under the XL Catlin brand, is a global insurance and reinsurance company providing property, casualty, professional, specialty and alternative capital products to industrial, commercial and professional firms, insurance companies and other enterprises across the world.

From insurance to reinsurance, we're shaking up an ancient industry. A changing world needs new answers. We're here to find them. With an incredible blend of people, products, services and technology, we're looking beyond traditional solutions to our clients' risks — from the most familiar to the most complex.
